Per Lynda I contacted Justina Weens who is the daughter of the decedent. It is unknown at this time if the wife of the decedent is alive. Lynda had forwarded a copy of the autopsy and tox reports to her attention last week. The caller was asking that any photos be sent to her attention. I explained that this office does not disseminate photos to family members. The caller then stated that she is trying to open p a criminal investigation. I informed Justina that his office would disseminate records to the requesting DA's Office. I also told her that this office only has one (1) polaroid picture of the decedent on file.
